Education

Amrita Vishwa Vidyapeetham, Coimbatore — 2023 – 2027
B.Tech in Computer Science and Engineering — CGPA: 7.93 / 10

Akshaya Academy, Palani (CBSE) — 2023
Higher Secondary Education (Class XII) — 446/500 (89.2%)

Akshaya Academy, Palani (CBSE) — 2021
Secondary Education (Class X) — 472/500 (94.4%)

Experience

Research Intern — May 2026 – July 2026
Tata Centre for Artificial Intelligence and Machine Learning, NIT Tiruchirappalli

- Awarded a research internship after securing 1st place in the "AI for All" Ideathon conducted by Tata Centre for AI and ML, NIT Tiruchirappalli.
- Developed an NLP and LLM-based grievance prioritization system for automated complaint analysis.
- Applied severity analysis, sentiment analysis, and contextual understanding to prioritize critical grievances.

Projects

Accessible Language Learning Platform — *AI, ML, MERN Stack, NLP*

- Developed an accessible language learning platform with inclusive features and AI-assisted personalized learning for students with learning disabilities.
- Integrated speech-to-text and AI-driven pronunciation feedback.

CyberRisk: Dispositional Factor-Based Cybersecurity Risk Assessment System
Next.js, FastAPI, PostgreSQL, Python, Bayesian Networks, Complex Networks, Godot

- Developed an AI-driven cybersecurity risk assessment platform using behavioral and dispositional factors, with interactive data collection through Forced-Choice, Image-Based, and Gamified Survey methods using Godot.
- Implemented complex network-based vulnerability analysis to generate Cyber Vulnerability Scores (CVS), classify users into risk levels, and provide personalized security recommendations.

Optimized Drone Navigation System — *Python, DSA*

- Implemented A* pathfinding with QuadTree and Segment Tree for obstacle detection.
- Generated optimized routes in dynamic environments.

Pharma Supply Chain System — *Blockchain*

- Developed a blockchain-based medicine tracking system ensuring transparency and traceability.
- Implemented smart contract-based stakeholder verification.

Certifications

- **AWS Certified Cloud Practitioner** — Amazon Web Services — Feb 2026
- **Developing Front-End Apps with React** — IBM (Coursera) — Dec 2025
- **Developing Back-End Apps with Node.js and Express** — IBM (Coursera) — Dec 2025

Technical Skills

Languages: Java, C, Python, JavaScript, SQL
Frontend: React.js, Next.js
Backend: Node.js, Express.js, FastAPI
Databases: MongoDB, PostgreSQL, Supabase
Machine Learning: Scikit-learn, XGBoost
Tools: Git, GitHub, VS Code, Eclipse, MATLAB

Achievements

- Winner – "AI for All" One Day Ideathon conducted by the Tata Centre for AI and ML, NIT Trichy.
